Tailored essentials, nothing extra

THE BLACK-FIRST RULE

**Black is not a colour choice.
It is a design discipline.**

One colour means fewer lines, less overproduction, less waste.

Singapore · Malaysia · Australia · New Zealand · Indonesia

Toni Black makes everyday underwear for men across Asia-Pacific. The work goes into what you actually feel: the waistband, the fabric, the stretch, the support.

ModalCloud™

THE SIGNATURE FABRIC

Cloud-like comfort from MicroModal. Soft, breathable, light, and it moves naturally with the body.

- Inner Singlet
- Inner Crewneck T

COMPOSITION

Modal 91% · Elastane 9%

The elastane is what gives it 4-way stretch and recovery.

MOISTURE

50% more than cotton

Absorbs more, releases it faster, and resists yellowing over washes.

Built from three things

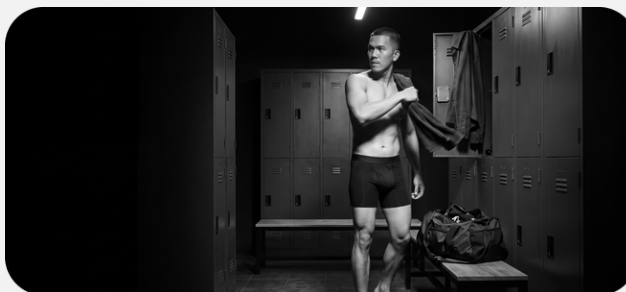

01

ModalCloud™

MicroModal with a touch of elastane. Soft, breathable, light. The fabric behind most of the range.

FABRIC

02

FlowLite™

A lyocell-based fibre, finer and more fluid than modal. The lightest fabric Toni Black makes.

FABRIC

03

Soft Elastic Waistband

A secure hold without harsh pressure. Follows the natural waistline. Minimal branding.

WHEN THE ANSWER IS WRONG

The First Pair Guarantee covers it. If the first pair misses on fit, comfort or quality, the customer contacts support within the guarantee period. One claim per customer, item unworn and unwashed.

The part you feel all day

The waistband is one of the most important parts of underwear.

- Smooth elastic feel
- Secure hold without harsh pressure
- Follows the natural waistline
- Built for daily movement
- Minimal visual branding, for a cleaner look

Less pressure at the waist means a cleaner hold
— and less adjusting through the day.

ON THE LOOSE FIT BOXER

FlowLite™ uses a covered soft waistband — no exposed elastic edge at all.

Work, workout, rest

WORK

Boxer Brief 5"

Balanced coverage under trousers, jeans or a uniform.
Smooth, supportive front shape.

WORKOUT

4-way stretch

Modal with 9% elastane moves with the body and
recovers its shape after.

REST

FlowLite™ Loose Fit

Looser leg, lower compression, the lightest fabric in
the range. For the hours the body is still.

Five markets, one product
